

# Understanding Shorter/Longer Versions in the 2022 SAG-AFTRA Commercials Contract

**How it works:** For each principal performer, the 1<sup>st</sup> and 2<sup>nd</sup> versions are **free**. The 3<sup>rd</sup> version triggers a **session fee**, and each additional version thereafter triggers a payment of **30% of a session fee**.

No restrictions on length of the shorter or longer versions

The shorter or longer version must only use footage from the same production and must be related to the same script
